FET supports.....

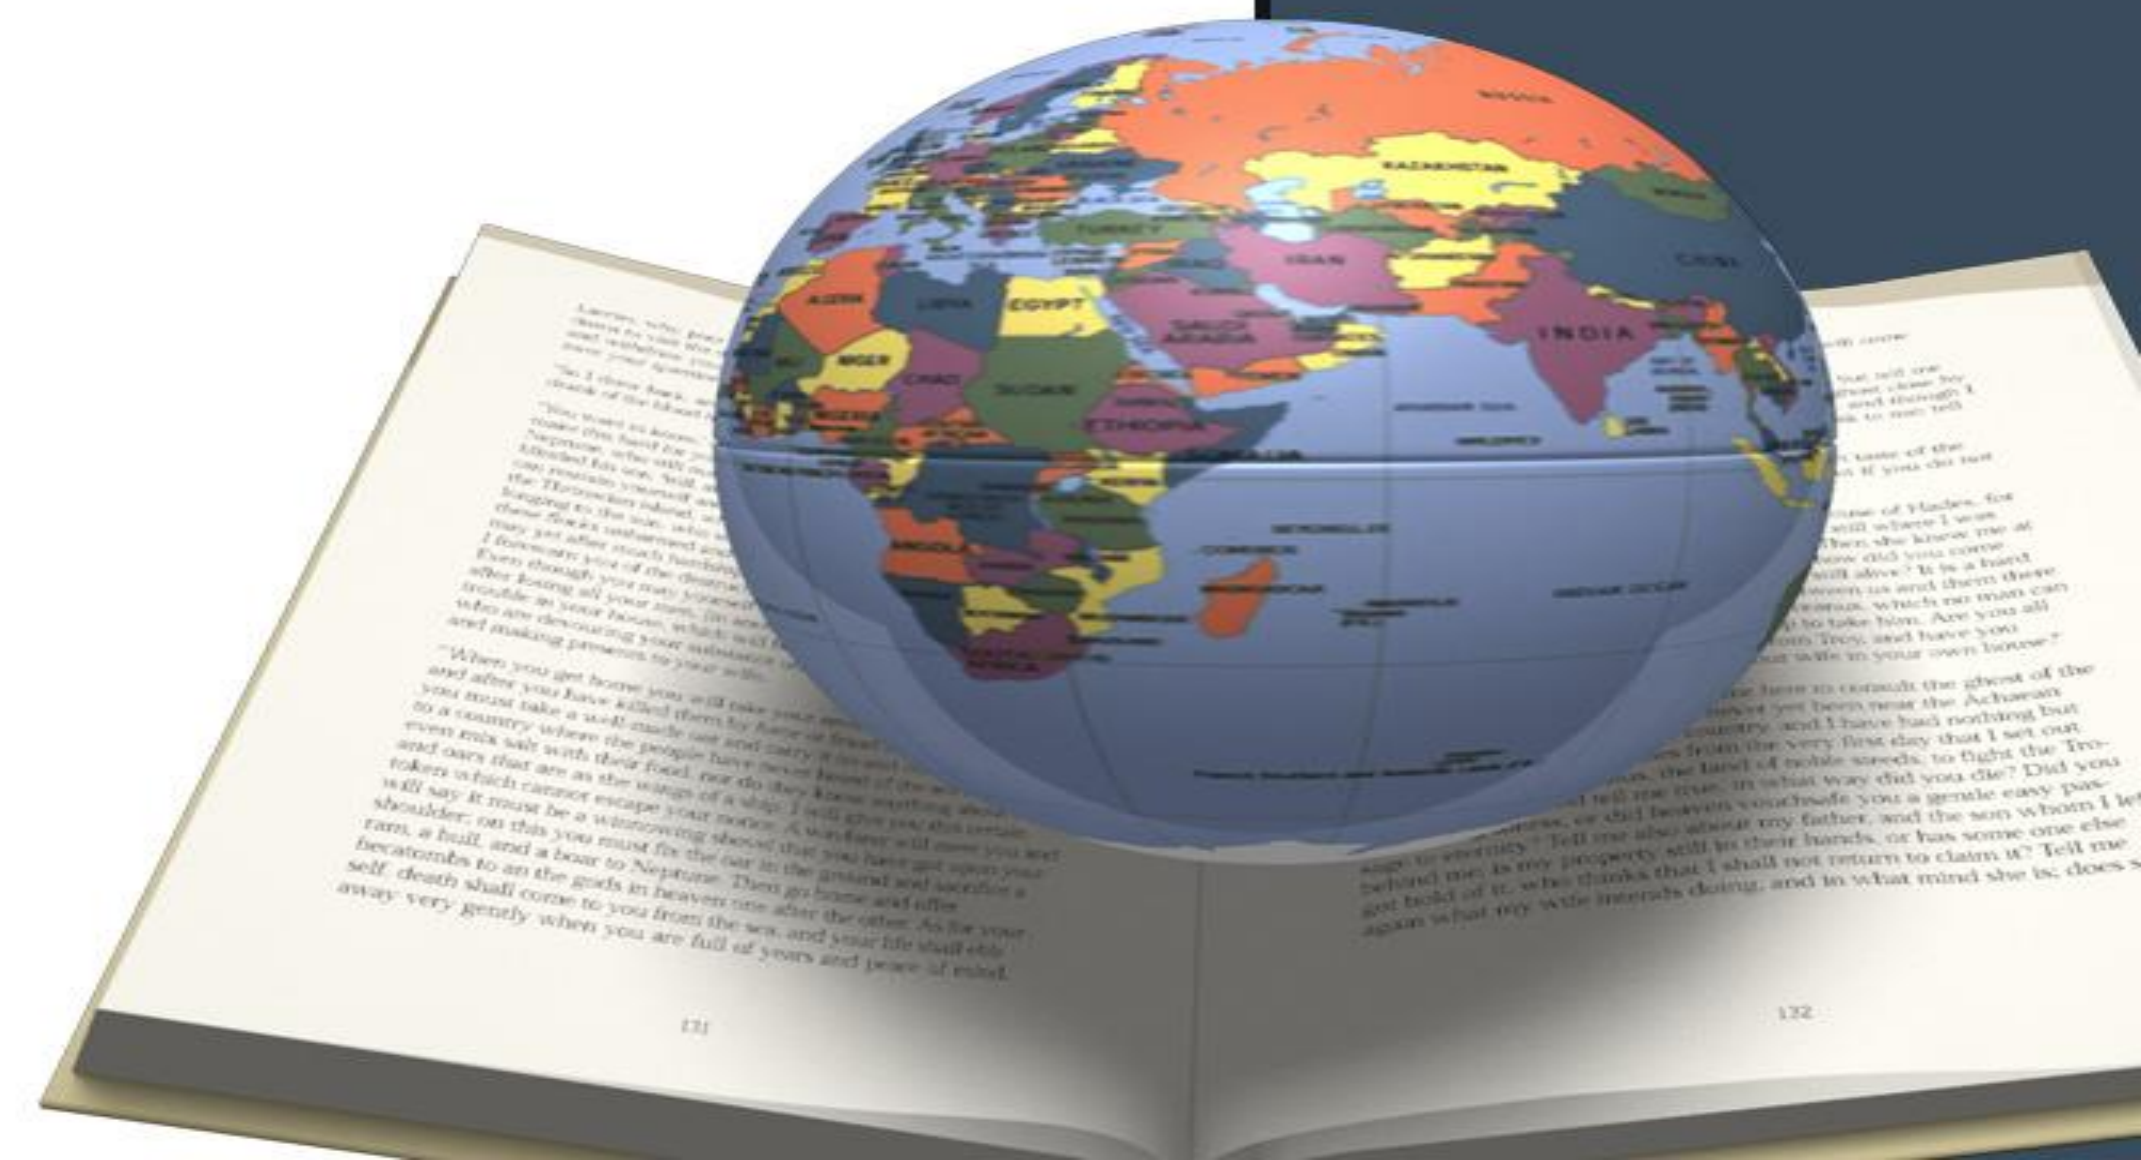

- Inclusion
- Makes Education accessible
- Holistic educational experience
- Practical
- Suits learning styles that find traditional educational settings more challenging

A Youthreach student who loved English dreamed of studying it at UCC. She planned her journey and her pathway led us to our door, where she studied Journalism and then progressed to UCC where she completed an Hons Degree in English Literature. She wrote to WCFE, thanking us for providing the path to her third level qualification. She said: I couldn't have done it if WCFE wasn't there"

Another student dropped out of a third level programme and came to WCFE to study on our Audio-visual Media course. She now works on the Audio-visual display in Trinity for the Book of Kells. She said that her experience in Further Education was the most supportive and rewarding she had ever had and has eagerly participated in our promotional videos to spread the FET message.
